

K-LOVE radio allows me to enjoy the music I like to listen to with bits of news & other announcements pertinent to my area. I listen to K-LOVE while I walk, on a local translator & if it were displaced by an LPFM broadcaster I would not be able to get it as clear or possibly not at all. This station gives our local area a choice of the best music & news around. We don't have to worry what will be heard while listening to this station. This I think is the most important public service that any station can perform & it is in the the best interest of all the public! Especially the children.
